

ISLAMIC FINANCIAL SYSTEM: AN ALTERNATIVE FUNDING OPTION **NEW**

COURSE OBJECTIVES

Islamic Finance has developed tremendously over the years, especially during the last five years. Governments and financial intermediaries throughout the globe have explored and implemented this new financial system, which is based on Shariah principles and contracts. They have realised that Islamic finance offers an alternative financial services which are comparable to the conventional finance services.

This programme will provide participants with an overview of Islamic and conventional financial system and an understanding of shariah principles. Speaker will also share information on how to raise funds through various Islamic products and services.

LEARNING OUTCOMES

By attending this course, participants will be able to:

- Gain an overview of the latest development in Islamic finance.
- Understand the fundamental differences between the Islamic and conventional financial system.
- Gain an understanding of Shariah principles.
- Be aware of the various Islamic financial products and services offered by the Islamic financial systems.
- Know how to raise funds through various Islamic products and services.

COURSE CONTENTS

This programme is designed to create awareness, expose and provide valuable insights to the participants on the pillars and foundation of Islamic Finance. Participants would be taken for a tour and explore into the ethical world of Islamic finance. Along the journey, participants would be able to grasp an overview of Islamic financial products and services; and eventually tap and source funding from this system.
